

Forest School Leader Level 3 Training

This course is designed for individuals wishing to lead and manage a forest school programme with young people or adults.

A forest school is an inspirational process that offers children, young people and adults of all abilities regular opportunities to gain confidence and raise self-worth through a series of hands-on learning experiences in school grounds and local woodlands.

Awarding organisation

The Open College Network South East Region.

Course requirements

Participants should be qualified teachers, youth workers or teaching assistants with significant experience of working with young people or adults.

All participants must be CRB checked and hold a first aid certificate by the end of the course. This can be the 16-hour outdoor first aid certificate or the 4-day first aid at work certificate.

Please contact Mike Murphy if you are unsure if this course is suitable for you.
